Connected mailbox label

**requires an additional 4G module*

⊕ Guaranteeing the best service...

- An **optimum network reception** thanks to an integrated antenna on the front of the intercom
- **Compatible** with **all network providers**

THE + OF intratone SOLUTION

+ services

By contacting your housing manager, you can take advantage of the following services:

- Choisissez les dates et plages horaires d'accès que vous souhaitez autoriser à vos proches ou prestataires de services.
- Display (or not) your name on the intercom at set times so that you are not disturbed.

+ cost effective

Without wires and handsets, **you reduce installation costs and get up and set up quickly.**

Your housing manager manages everything remotely and in real time: name change, modification or deletion of fob, etc...

+ eco-friendly

You are helping to reduce wastes:

- less plastic and electronic components,
- miles of copper cable avoided,
- less travel thanks to remote updating.

+ accessibility

Intratone equipment supports independent living at home.

Adapted to each user:

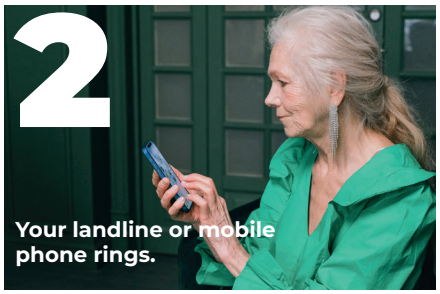

- mobile phone and tablet for the most connected,
- wired or wireless landline phones for other users.

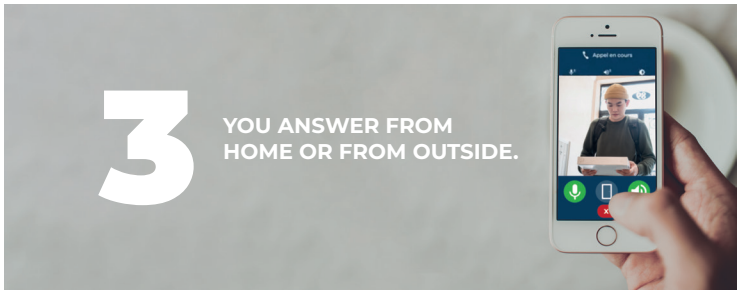

+ easy to install and non-intrusive

No handset installed in your home.

HOW TO RECEIVE A CALL WITH intratone ?

All you have to do is choose the device you want to answer on (landline, mobile, tablet). Probably the one closest to you at the time... !

You choose to open the door (or not) to your visitor **without having to move!**

*Download the « **My intratone** » free app
to receive video calls on all your devices.
